<p>receiving, from a remote viewing device <del>remoted</del> located remotely from the video surveillance system, a request to receive one or more specific streams of the video images;</p> <p>[6.7]</p>	<p><b>[Comment: The mobile device user can select a recorder to view the video feeds in the TouchView Mobile App.]</b></p> <p><b>TOUCHVIEW MOBILE</b></p> <p>Salient offers mobile apps for the iPhone®, iPad®, iPod® touch and Android™ smartphones. Bring your video viewing and playback experience along with you wherever you go. TouchView™ Mobile combines the power of Salient's CompleteView 20/20™ video management system with the freedom of mobile access to live video, recorded video with audio playback and PTZ camera control from a powerful, fully integrated interface.</p> <p>Users can instantly access, monitor and review live and recorded video from any camera connected to any CompleteView 20/20 recording server in the system. And, cameras from multiple servers can be accessed simultaneously with PTZ control. CompleteView 20/20's powerful DRS (dynamic resolution scaling) automatically sizes the video for live viewing, significantly reducing network usage and providing higher frame rates over mobile connections.</p> <p><b>TouchView Mobile App</b></p> <ul style="list-style-type: none"> <li>• Free TouchView Mobile App available for iPad, iPhone, and Android</li> </ul>  <p>[See: Page 1 <a href="https://support.salentsys.com/hc/en-us/articles/360020045833/TouchView-Mobile-Brochure-Dec18-web.pdf">https://support.salentsys.com/hc/en-us/articles/360020045833/TouchView-Mobile-Brochure-Dec18-web.pdf</a>; <a href="https://slideplayer.com/slide/11905526/">https://slideplayer.com/slide/11905526/</a>]</p>
